Choose your perfect beer with your meal with these beer subscriptions or ask our staff for advice!

PILSNER Light, refreshing and thirst-quenching. Works with everything, especially with something spicy.

WEIZEN Weizen in a nutshell: banana smell and German solidity! Actually good with everything we serve.

BLOND A refreshing blonde goes hand in hand with our delicious chicken. Prefer a bitterbal or burger at the bar? Blond it is!

WHITE A perfect summer day with sun, sea and white beer as an aperitif! Fits perfectly in combination with one of our burgers.

IPA This fruity and bitter beer was originally an outlander in our beer-country, but not anymore! Our advise: RIBS!

TRIPEL High alcohol percentage, but oh, so sweet! Goes perfectly together with our farm chicken, the poussin or something else that's not too easily digestible!

STOUT / PORTER Stout/porter is always tasty. Spicy and full, no kick-off beer!
